

Maths Activities

Continue maths homework activities

Caterpillars: addition and subtraction, sharing, number formation, doubling and halving, number pairs to 10, time activities, money activities.

Dragonflies: times tables—2s, 5s, 10s, and 3s. Time activities, money activities.

Daily reading

Please read to someone in your family every day.

Practise any key words and comprehension that you have been given.

We're going to the Zoo!

Caterpillars & Dragonflies

Weekly Sounds

Practise your sounds and key words.

Home learning Project-Choose one of the following:

Either write a fact page about your favourite zoo animal

Or

Create a page or item of clothing using animal prints. Think about the colours you need and what animal you want it to represent.
