

Summer Homework Challenge

Each subject leader within the school has created a fun and exciting task for you to complete over the summer holidays. You can choose as many or as few tasks as you would like and you may present your learning however you wish. These activities could be shown through pictures, computer aided presentations or simply as a piece of writing - feel free to get creative! I am sure that children will put lots of effort into their chosen pieces of work and house points will be awarded to those who have given the work special effort and to a high standard of presentation. Children who attempt a wide variety of texts (at least 7) will receive a ticket to an end of summer party to be held in the autumn term. To save you printing work at home, we have created email addresses for you to send any work or pictures into us. Please write your child's name in the 'subject' box. Remember to use the email address for the class that your children will be going into in September. For further information, please contact your child's class teacher.

<p><u>Geography</u></p> <p>Send a postcard to the school describing a place you have visited over the summer holidays - you don't have to go far!</p>	<p><u>Science</u></p> <p>Take a selfie! Take a picture of yourself carrying out a science experiment. This could be anything from habitat houses to flying forces.</p>	<p><u>PE</u></p> <p>Take part in a team game with your friends and family. You could play a game of rounders or cricket or even a football match in the park.</p>	<p><u>Maths</u></p> <p>Follow a recipe to make a dish/bake of your choice. Make sure you measure the ingredients accurately and scale the measures up or down according to how much you need.</p>	<p><u>Literacy</u></p> <p>Write a summer themed poem and perform it to your family. It could be an acrostic, rhyming or an imagery poem.</p>
<p><u>History</u></p> <p>Research a famous British historical figure and present your information. You could choose Henry VIII, Winston Churchill or Isaac Newton.</p>	<p><u>ICT</u></p> <p>Using an online programme - such as scratch online - design a game that you could share with your friends in September</p>	<p><u>RE</u></p> <p>Visit a place of worship and tell us about your experience. How did it make you feel? You could find somebody to interview.</p>	<p><u>Music</u></p> <p>Create an instrument that you could use to make music. Is it string, woodwind or percussion?</p>	<p><u>Art</u></p> <p>Create a self-portrait using a range of materials. This could be through collage, paints or simply sketched with a pencil. You could even be pulling a silly face.</p>
<p><u>French</u></p> <p>Draw a picture of yourself and label what you are wearing in French.</p>	<p><u>PSHE</u></p> <p>Who is your inspiration and how do they have a positive effect on your life and learning?</p>	<p><u>DT</u></p> <p>Design and create a moving toy. This could be on wheels, be controlled by a lever or even a pop up creation.</p>	<p><u>Reading</u></p> <p>Extreme reading. Take a picture of yourself reading - wherever that may be. Who can find the strangest place to enjoy a book?</p>	<p><u>Times tables</u></p> <p>Think of the most inventive way to learn your times tables. If you're feeling brave, this could be video of yourself singing or rapping!</p>
