

Oakfield Primary School

PE

At Oakfield we value sport and exercise and see effective sport provision as a high priority.

Through PE lessons, children will develop a range of skills through sports, gymnastics and dance based sessions.

We supplement our PE lessons using the Real PE programme which aims to promote physical literacy, emotional and thinking skills which children will need to become effective sportsmen and women.

We also offer a range of extra-curricular clubs with a sports focus such as Multi-skills, Dodgeball, Basketball, Rounders, Football and many more.

We hope that through positive engagement with sport and physical activity, children will understand the value of physical activity and the development of personal responsibility for one's own health.

For more information about the Real PE programme, please visit: <https://www.createdevelopment.co.uk/real-pe/>
